Choose the following for this service address:

My water will be shut off at the curb by the City. I will be billed a \$10.00 fee for shutting the water off at the curb stop and a \$20.00 fee for restoring service. During the period when service is temporarily discontinued I will not be billed for water, sewer, garbage and recycle, however, I will be billed the storm sewer charge of \$6.25. *I understand that if I leave with snow on the ground and the shut-off valve is frozen or cannot be located and water service is not shut-off, that my account will still be inactivated for the services named above and I will still be charged the shut-off/restore service fees.*

My water will remain on inside my residence while I'm away.

My water will be shut off inside my residence while I'm away.

I understand that meters are read on the 20th of the month and that bills will not be pro-rated if I leave between reading dates. I will be billed monthly less the \$8.50 garbage & recycle fees while I'm away.
